- · Describes the current condition. Describe the patient's current medical/physical condition, including any relevant history.
- Stability. Check Yes if the patient's condition is not expected to show marked deterioration or improvement. A stable medical condition shall be defined as follows:
 - (a) the condition is not expected to exhibit sudden deterioration or improvement; and
 - (b) the condition does not require frequent medical or nursing judgment to determine changes in the patient's plan of care; and
 - (c) (1) the condition is such that a physically disabled individual is in need of routine supportive assistance and does not need skilled professional care in the home; or
 - (2) the condition is such that a physically disabled or frail elderly individual does not need professional care but does require assistance in the home to prevent a health or safety crisis from developing.
- Hospice. If the patient's condition is terminal, indicate if the patient is appropriate for Hospice services.
- **Describe the current treatment plan**. Include therapeutic goals and prognosis for recovery and anticipated duration of the current treatment plan.
- **Self-Directing.** Indicate if the patient is self-directing. Self-directing means that the patient is capable of making choices about activities of daily living, understanding the impact of the choices, and assuming responsibility for the results of the choices. A **No** response to this item should be reflected in the description of the patient's condition as documented in the applicable section.
- Able to Summon Help. Check Yes if the patient is able to summon assistance in an emergency situation by any means. If the patient is not able to summon assistance, check No and explain.
- Medication Administration. Indicate the patient's ability to self-administer medications.
- Tasks/Treatments/Therapies. Indicate any tasks, treatments or therapies which the patient receives or requires in the home and describe.
- Need for completion/assistance with skilled tasks. If the patient requires assistance with skilled tasks including, but not limited
 to, glucose monitoring, wound care, vital signs, describe the need for such assistance.
- Recommendation to provide assistance. Check Yes if, in your opinion, the patient can be maintained in his or her home with provision of home care services.
- Contributing factors to need for assistance. Please indicate the functional deficits that support the need for the provision of home
 care services. Please include any pertinent information you may have regarding the patient's surroundings, physical condition or
 other factors that may affect the ability of the patient to function in the community or the patient's need for assistance with personal
 care tasks.
- 4. Physician's Signature/Date of completion. The signature of the ordering physician as identified in Item 2. Note that by signing this document, the physician certifies that the patient's condition and needs are accurately described. Forms lacking a signature and/or date are not acceptable.
