SECTION 3. ENROLLMENT IN ELDERPLAN PLUS LONG TERM CARE (HMO SNP) MEDICAID ADVANTAGE PLUS PROGRAM

Elderplan Plus Long Term Care (HMO SNP) will process applications in the order in which they are received.

We will determine if you require a New York Medicaid CHOICE Conflict Free Evaluation as part of your application process. You will require a New York Medicaid CHOICE Conflict Free evaluation if you are new to long term care service and are interested in enrolling for the first time or if you have not been enrolled in a plan for the past 45 days. Our enrollment representative will connect you with the New York Medicaid CHOICE Conflict Free Evaluation and Enrollment Center (CFEEC) or you can call directly to 1-855-222-8350 TTY 1-888-329-1546. Individuals transferring from another plan either, Managed Long Term Care or another Medicaid Advantage Plus program do not require a CFEEC evaluation. Transfers that are Medicaid only from mainstream require a CFEEC.

Enrollment:

Once Elderplan Plus Long Term Care (HMO SNP) has determined that you are eligible to enroll, your Medicare application will be submitted to CMS. If CMS confirms your enrollment into Elderplan Plus Long Term Care (HMO SNP), the application and corresponding Medicaid Advantage Plus attestation will be submitted to New York Medicaid Choice (NYMC). All enrollment applications must be signed no later than 15th of the month for the application to be reviewed and submitted to NYMC or LDSS by noon on the 20th of the month to ensure an effective date of the first day of the following month. The effective date of enrollment will be given to you at the time of enrollment. If the effective date changes, Elderplan Plus Long Term Care (HMO SNP) will notify you of the revised effective date. Elderplan Plus Long Term Care (HMO SNP) members will receive a confirmation of enrollment letter which will indicate your effective date of enrollment.

After your application is verified and approved, Elderplan Plus Long Term Care (HMO SNP) will send your member ID card within 10 calendar days. However, if we received and processed your enrollment request towards the end of the month, you may not receive your ID card before your effective date for the following month. If you don't have your ID card and need to see a doctor, call Member Services to verify your coverage and they will fax your eligibility information to your provider. If you have received your confirmation of enrollment letter, you may also use this letter as a proof of coverage until you get member ID card.

If you decide not to proceed with your enrollment application, this will be considered a withdrawal of the application. You may withdraw your application or enrollment agreement by noon on the 20th day of the month prior to the effective date of enrollment by indicating your wishes to us verbally or in writing. If you choose to withdraw your application, you must choose another managed long term care plan in order to continue to receive long term care services, such as personal care. You are no longer able to return to Medicaid Fee for Service services through HRA or LDSS.

Denial of Enrollment:

Elderplan Plus Long Term Care (HMO SNP) will tell you if you are determined to be ineligible based on age, geographical location, or Medicaid/Medicare eligibility.

- You will be denied enrollment if after the start of the application process it is determined you are not eligible for nursing home level of care
- You will be denied enrollment if after the start of the application process it is determined that you do not require the community based long term care services offered by Elderplan Plus Long Term Care (HMO SNP) for more than 120 continuous days from the date of enrollment
- You will be denied enrollment if at the time of enrollment, it is determined that you are not able to return to or remain in your home and community without jeopardy to your health and safety

Before the recommendation for denial of enrollment is processed by the LDSS or NY Medicaid Choice, you can withdraw your application by providing your wishes orally or in writing.

If Elderplan Plus Long Term Care's (HMO SNP) determines that you do not meet one or more of the eligibility requirements, we will recommend denial of enrollment and you will be notified in writing.

You will only be denied enrollment if the LDSS or NY Medicaid Choice agrees with Elderplan Plus Long Term Care's (HMO SNP) determination that you are ineligible.

If you do not agree with Elderplan Plus Long Term Care's (HMO SNP) decision regarding your denial of enrollment, you may request to pursue an application with the Local Department of Social Services (LDSS) or NY Medicaid Choice. The information collected up to this time will then be forwarded to the Local Department of Social Services (LDSS) or NY Medicaid Choice and they will make the final decision about your eligibility.

If you decide to withdraw your enrollment application prior to the denial of enrollment being processed by LDSS or NY Medicaid Choice, by providing your wishes either orally or in writing, Elderplan Plus Long Term Care (HMO SNP) will send your withdrawal to NYC Human Resources Administration (HRA) or LDSS to process. Elderplan Plus Long Term Care (HMO SNP) will send you a confirmation of your withdrawal in writing.

If Elderplan Plus Long Term Care (HMO SNP) determines that you do not meet one or more of the eligibility requirements, we will recommend a denial of enrollment letter and you will be notified in writing.

SECTION 7. SERVICES COVERED BY THE ELDERPLAN PLUS LONG TERM CARE (HMO SNP) MEDICAID ADVANTAGE PLUS PROGRAM

Deductibles and Copayments on Medicare Covered Services

Many of the services that you receive including inpatient and outpatient hospital services, doctor's visits, emergency services and laboratory tests are covered by Medicare and are described in the Elderplan Plus Long Term Care (HMO SNP) Medicare Evidence of Coverage. Chapter 3 of the Elderplan Plus Long Term Care (HMO SNP) Medicare Evidence of Coverage explains the rules for using plan providers and getting care in a medical emergency or if urgent care is needed. There are no deductibles and copayments. Please read Chapter 4 of the Elderplan Plus Long Term Care (HMO SNP) Medicare Evidence of Coverage What is covered and what you pay.

If there is a monthly premium for benefits (see Chapter 1) of the Elderplan Plus Long Term Care (HMO SNP) Medicare Evidence of Coverage, you will not have to pay that premium since you have Medicaid. We will also cover many services that are not covered by Medicare but are covered by Medicaid. The sections below explain what is covered.

CARE MANAGEMENT SERVICES:

Coordinating Your Care

Upon enrollment into the Elderplan Plus Long-Term Care (HMO SNP), each member is assigned to a Care Management Team, which includes clinical and social care managers along with administrative support. This team is responsible for the coordination of your care and providing you with quality person centered service planning and Care Management. Together, they will work with you, your informal supports and your primary care physician to ensure you receive the appropriate level of services based on your current and unique psychosocial and medical needs, functional level and support systems. Your Care Management Team will coordinate all of your health care needs for covered and non-covered services, and any other services provided by other providers, community resources and informal supports. You will receive at least one monthly telephone contact

from your Care Management Team. The Assessment Nurse, as a member of your Care Management Team, will make home visits at least twice a year to complete a comprehensive assessment of your health and to identify any changes or needs you may have. Additional home visits may be scheduled as determined by your Care Management Team. We will work cooperatively with your physician, who is notified of your plan of care, as well as other health care professionals to ensure you receive the services you need. A Health Care Professional will assist you with applying for any entitlements and other benefits for which you are eligible, as well as in maintaining eligibility through the certification process of all entitlements.

OPTIONS AVAILABLE TO YOU:

Consumer Directed Personal Assistance Services (CDPAS)

CDPAS is a covered voluntary benefit available to all Elderplan Plus Long Term Care Medicaid Advantage Plus members. CDPAS is a self-directed home care model available to eligible members who are in need of nursing, personal or home care services and are capable of managing their own care. Members who are non-self-directing may have a responsible adult, known as a designated representative, assume the program's responsibilities on their behalf.

If enrolled into CDPAS, you or your representative will have decision making authority regarding recruiting, training, scheduling, evaluating, verification and approval of timesheets and discharge of CDPAS staff.

You may voluntarily discontinue the self-directed option (CDPAS) and receive traditional services through the Medicaid Advantage Plus program at any time.

You may be involuntarily discontinued from the self-directed option if:

- Continued participation in CDPAS would not permit your health, safety or welfare needs to be met;
- You demonstrate the inability to self-direct by consistently demonstrating a lack of ability to carry out the tasks needed to self-direct services; or
- There is fraudulent use of Medicaid funds such as substantial evidence of falsified documents related to CDPAS.

Additional Covered Services

Because you have Medicaid and qualify for the Elderplan Plus Long Term Care (HMO SNP) Medicaid Advantage Plus program, our plan will arrange and pay for the extra health and social services described below. You may get these services if they are medically necessary, that is, they are needed to prevent or treat your illness or disability. Your care manager will help identify the services and providers you need. In some cases, you may need a referral or an order from your doctor to get these services. You must get these services from the providers who are in Elderplan Plus Long Term Care’s (HMO SNP) network.

If you cannot find a network provider in our plan, you must seek prior authorization from Elderplan Plus Long Term Care (HMO SNP) before receiving any health services from an out-of-network provider, except when it is for a medical emergency or urgently needed care. To obtain prior authorization for the services from an out-of-network provider, you or your doctor must call Elderplan Plus Long Term Care Medical Management at 1-877-891-6447 (TTY 711).

- Have lived in a nursing home for three months or longer

- Giving you information about services and supports in the community
- Finding services offered in the community to help you be independent
- Visiting or calling you after you move to make sure that you have what you need at home.

For more information about MFP/Open Doors, or to set up a visit from a Transition Specialist or Peer, please call the New York Association on Independent Living at 1-844-545-7108, or email mfp@health.ny.gov. You can also visit MFP/Open Doors on the web at www.health.ny.gov/mfp or www.ilny.org.

Getting Care Outside the Service Area

If you are away from home or when you are outside the service area and cannot get care from a network provider, our plan will cover urgently needed care that you get from any provider. “Urgently needed care” is a non-emergency, unforeseen medical illness, injury, or condition, that requires immediate medical care, but the plan’s network of providers is temporarily unavailable or inaccessible. The unforeseen condition could, for example, be an unforeseen flare-up of a known condition that you have (for example, a flare-up of a chronic skin condition).

Our plan does not cover urgently needed care or any other care if you receive the care outside of the United States.

Emergency Service

A “medical emergency” is when you, or any other prudent layperson with an average knowledge of health and medicine, believe that you have medical symptoms that require immediate medical attention to prevent loss of life, loss of a limb, or loss of function of a limb. The medical symptoms may be an illness, injury, severe pain, or a medical condition that is quickly getting worse.

If you have a medical emergency:

- **Get help as quickly as possible.** Call 911 for help or go to the nearest emergency room, hospital, or urgent care center. Call for an ambulance if you need it. You do not need to get approval or a referral first from your PCP.
- **As soon as possible, make sure that our plan has been told about your emergency.**
- We need to follow up on your emergency care.
- You or someone else should call to tell us about your emergency care, usually within 48 hours. You may do this by calling Member Services at 1-877-891-6447 (TTY 711) 7 days a week from 8am to 8pm.

What is covered if you have a medical emergency?

You may get covered emergency medical care whenever you need it, anywhere in the United States or its territories. Our plan covers ambulance services in situations where getting to the emergency room in any other way could endanger your health.

If you have an emergency, we will talk with the doctors who are giving you emergency care to help manage and follow up on your care. The doctors who are giving you emergency care will decide when your condition is stable and the medical emergency is over.

After the emergency is over you are entitled to follow-up care to be sure your condition continues to be stable. Your follow-up care will be covered by our plan. If your emergency care is provided by out-of-network providers, we will try to arrange for network providers to take over your care as soon as your medical condition and the circumstances allow.

What if it wasn't a medical emergency?

Sometimes it can be hard to know if you have a medical emergency. For example, you might go in for emergency care – thinking that your health is in serious danger – and the doctor may say that it wasn't a medical emergency after all. If it turns out that it was not an emergency, as long as you reasonably thought your health was in serious danger, we will cover your care.

However, after the doctor has said that it was not an emergency, we will cover additional care only if you get the additional care in one of these two ways:

- You go to a network provider to get the additional care.
- or – the additional care you get is considered “urgently needed care” and you follow the rules for getting this urgent care

Payment of medical emergency services

You can receive emergency services from any provider, whether or not the provider is a part of our network. When you receive emergency or urgently needed care from a provider who is not part of our network, you should ask the provider to bill the plan.

- If you pay the entire amount yourself at the time you receive the care, you need to ask us to pay you back. Send us the bill, along with documentation of any payments you have made.
- At times you may get a bill from the provider asking for payment that you think you do not owe. Send us this bill, along with documentation of any payments you have already made.
- If the provider is owed anything, we will pay the provider directly.
- If you have already paid for the service, we will pay you back.

SECTION 8. MEDICAID SERVICES NOT COVERED BY OUR PLAN

There are some Medicaid services that Elderplan Plus Long Term Care (HMO SNP) does not cover. You can get these services from any provider who takes Medicaid by using your Medicaid Benefit Card. Call Member Services at 1-877-891-6447 (TTY 711) if you have a question about whether a benefit is covered by Elderplan Plus Long Term Care (HMO SNP) or Medicaid. Some of the services covered by Medicaid using your Medicaid Benefit Card include:

Pharmacy

Most prescription drugs are covered by Elderplan Plus Long Term Care (HMO SNP) Medicare Part D as described in Chapter 5 of the Elderplan Plus Long Term Care (HMO SNP) Medicare Evidence of Coverage (EOC). Regular Medicaid will cover some drugs not covered by Elderplan Plus Long Term Care (HMO SNP) or Medicare.

Certain Mental Health Services, including:

- Intensive Psychiatric Rehabilitation Treatment
- Day Treatment
- Case Management for Seriously and Persistently Mentally Ill (sponsored by state or local mental health units)
- Partial Hospital Care not covered by Medicare
- Rehabilitation Services to those in community homes or in family-based treatment
- Continuing Day Treatment
- Assertive Community Treatment
- Personalized Recovery Oriented Services

Certain Mental Retardation and Developmental Disabilities Services, including:

- Long-term therapies
- Day Treatment
- Medicaid Service Coordination
- Services received under the Home and Community Based Services Waiver
- Other Medicaid Services
- Methadone Treatment
- Comprehensive Medicaid Case Management
- Directly Observed Therapy for TB (Tuberculosis)
- Adult Day Treatment for Persons with HIV/AIDS
- HIV COBRA Case Management

Family Planning

Members may go to any Medicaid doctor or clinic that provides family planning care. You do not need a referral from your Primary Care Provider (PCP).

SECTION 9. SERVICES NOT COVERED BY ELDERPLAN PLUS LONG TERM CARE (HMO SNP) MEDICAID ADVANTAGE PLUS PROGRAM

You must pay for services that are not covered by Elderplan Plus Long Term Care (HMO SNP) or by Medicaid if your provider tells you in advance that these services are not covered, AND you agree to pay for them. Examples of services not covered by Elderplan Plus Long Term Care (HMO SNP) or Medicaid are:

- Cosmetic surgery if not medically needed
- Personal and Comfort items
- Infertility Treatment
- Services of a Provider that is not part of the plan (unless Elderplan Plus Long Term Care (HMO SNP) sends you to that provider)

If you have any questions, call Member Services at 1-877-891-6447 (TTY 711).

SECTION 10. SERVICE AUTHORIZATIONS AND ACTIONS

When Elderplan Plus Long-Term Care (HMO SNP) determines that services are covered solely by Medicaid, we will make decisions about your care following these rules:

Prior Authorization

Some covered services require **prior authorization** (approval in advance) from Elderplan Plus Long Term Care Medical Management before you receive them or in order to be able to continue receiving them. You or someone you trust can ask for this. The following treatments and services must be approved before you get them:

- Non-par services- Elective Admission, SNF admissions/Acute Rehab
- Non-emergent ambulance
- Physical Therapy/Comprehensive Outpatient Rehabilitation Facilities (i.e., outpatient rehabilitation care)
- Wound Care/Vacuum Procedures
- Hyperbaric O2 Therapy
- DME/Supplies- Medicare products
- DME/Supplies- Medicaid products
- Transplant Evaluation
- Prosthetic & Orthotics
- MRI/MRA/Pet/CT
- Diabetic Shoes
- Community Based Long Term Care Services (CBLTC)
- Medicaid covered non-emergent transportation
- Home Visiting Specialists

When you ask for approval of a treatment or service, it is called a **service authorization** request. To get a service authorization request you or your doctor must call Elderplan Plus Long-term Care Medical Management at 1-877-891-6447 or send your request in writing to:

Elderplan Plus Long Term Care
Medicare Plan Medical Management Department
6323 7th Avenue
Brooklyn, NY 11220

Services will be authorized in a certain amount and for a specific period of time. This is called an **authorization period**.

You will also need to get prior authorization if you are getting one of these services now, but need to get more of the care during an authorization period. This is called **concurrent review**.

What happens after we get your service authorization request

The health plan has a review team to be sure you get the services we promise. Doctors and nurses are on the review team. Their job is to be sure the treatment or service you asked for is medically needed and right for you. They do this by checking your treatment plan against acceptable medical standards.

We may decide to deny a service authorization request or to approve it for an amount that is less than requested. These decisions will be made by a qualified health care professional. If we decide that the requested service is not medically necessary, the decision will be made by a clinical peer reviewer, who may be a doctor, a nurse or a health care professional who typically provides the care you requested. You can request the specific medical standards, called clinical review criteria, used to make the decision for actions related to medical necessity.

After we get your request, we will review it under a standard or fast track process. You or your doctor can ask for a fast track review if it is believed that a delay will cause serious harm to your health. If your request for a fast track review is denied, we will tell you and your request will be handled under the standard review process. In all cases, we will review your request as fast as your medical condition requires us to do so, but no later than mentioned below.

We will tell you and your provider both by phone and in writing if your request is approved or denied. We will also tell you the reason for the decision. We will explain what options for appeals or fair hearings you will have if you don't agree with our decision.

Timeframes for prior authorization requests

- Standard review: We will make a decision about your request within 3 work days of when we have all the information we need, but you will hear from us no later than 14 days after we receive your request. We will tell you by the 14th day if we need more information.
- Fast track review: We will make a decision and you will hear from us within 72 hours. We will tell you within 72 hours if we need more information.

Timeframes for concurrent review requests

- Standard review: We will make a decision within 1 work day of when we have all the information we need, but you will hear from us no later than 14 days after we received your request.
- Fast track review: We will make a decision within 1 work day of when we have all the information we need. You will hear from us within 72 hours after we receive your request. We will tell you within 1 work day if we need more information.

If we need more information to make either a standard or fast track decision about your service request, the timeframes above can be extended up to 14 days. We will:

- Write and tell you what information is needed. If your request is in a fast track review, we will call you right away and send a written notice later.
- Tell you why the delay is in your best interest.
- Make a decision as quickly as we can when we receive the necessary information, but no later than 14 days from the day we asked for more information.

You, your provider, or someone you trust may also ask us to take more time to make a decision. This may be because you have more information to give the plan to help decide your case. This can be done by calling 1-877-891-6447 or writing.

You or someone you trust can file a complaint with the plan if you don't agree with our decision to take more time to review your request. You or someone you trust can also file a complaint about the review time with the New York State Department of Health by calling 1-866-712-7197.

If you are not satisfied with our answer, you have the right to file an appeal with us. See the Appeal section later in this handbook.

If for some reason you do not hear from us on time it is the same as if we denied your service authorization request. If this happens, you have the right to request a State Fair Hearing. See the Fair Hearing section later in this handbook.

Other Decisions About Your Care

Sometimes we will do a concurrent review on the care you are receiving to see if you still need the care. We may also review other treatments and services you have already received. This is called retrospective review. We will tell you if we take these other actions.

Timeframes for notice of other actions

- In most cases, if we make a decision to reduce, suspend or stop a service we have already approved and you are now getting, we must tell you at least 10 days before we change the service.
- If we are checking care that has been given in the past, we will make a decision about paying for it within 30 days of receiving necessary information for the retrospective review. If we deny payment for a service, we will send a notice to you and your provider the day the payment is denied. You will not have to pay for any care you received that was covered by the plan or by Medicaid even if we later deny payment to the provider.

SECTION 11. WHAT TO DO IF YOU HAVE A COMPLAINT ABOUT OUR PLAN OR WANT TO APPEAL A DECISION ABOUT YOUR CARE

As a Dually-Eligible member of our plan, the way you make complaints and appeals about your services will depend on whether Elderplan determines that the services are covered by Medicare or Medicaid.

- For complaints and appeals about a service that is covered only by Medicare (e.g. chiropractic services), you will follow the rules outlined in Chapter 8, Sections 4-11 of Elderplan's Medicare Evidence of Coverage.
- For complaints and appeals about a service that is covered only by Medicaid (e.g. personal care services, private duty nursing, non-emergency transportation, dental services, etc.), you will follow the Medicaid rules listed below.
- For complaints and appeals about all other services covered by Elderplan you may choose to follow either the Medicare rules outlined in Chapter 8, Sections 4-11 of Elderplan's Evidence of Coverage or the Medicaid rules described below. If you choose to follow the Medicare rules, you cannot use your Medicaid complaint and appeal rights, including the right to a state Fair Hearing regarding the complaint or appeal. But if you choose to follow the Medicaid rules, you will have up to 60 days from the day of Elderplan's notice of denial of coverage to use your Medicare complaint and appeal rights.

Elderplan will explain the complaints and appeals processes available to you depending on the complaint you have. Call member services at 1-877-891-6447 to get more information on your rights and the options available to you.

SECTION 12. MEDICAID RULES FOR APPEALS AND COMPLAINTS

Plan Appeals

There are some treatments and services that you need to get approval before you receive them or in order to be able to continue receiving them. This is called prior authorization. Asking for approval of a treatment or service is called a service authorization request. This process is described earlier in this handbook. The notice of our decision to deny a service authorization request or to approve it for an amount that is less than requested is called an Initial Adverse Determination.

If you are not satisfied with our decisions about your Medicaid care, there are steps you can take.

Your provider can ask for reconsideration:

If we made a decision about your service authorization request without talking to your doctor, your doctor may ask to speak with the plan's Medical Director. The Medical Director will talk to your doctor within one workday.

You can file an Plan Appeal:

- If you are not satisfied with our decision about your service authorization request, you have 60 days after hearing from us to file an Plan appeal.
- You can do this yourself or ask someone you trust to file the Plan appeal for you. You can call Member Services 1-877-891-6447 if you need help filing an Plan appeal.
- We will not treat you any differently or act badly toward you because you file an Plan appeal.
- The Plan appeal can be made by phone or in writing. If you make an appeal by phone, unless it is fast tracked, you must also send your Plan appeal to us in writing.

Your Plan Appeal will be reviewed under the fast track process:

- If you or your doctor asks to have your Plan appeal reviewed under the fast track process. Your doctor would have to explain how a delay will cause harm to your health. If your request for fast track is denied, we will tell you and your appeal will be reviewed under the standard process; or
- If your request was denied when you asked to continue receiving care that you are now getting or need to extend a service that has been provided.
- Fast track Plan appeals can be made by phone and do not have to be followed up in writing.

Aid to Continue while appealing a decision about your care

If we decide to reduce, suspend or stop services you are getting now, you may be able to continue receiving the services while you wait for your appeal to be decided. You must ask for an appeal:

- Within ten days from being told that your request is denied or care is changing; or
- By the date the change in services is scheduled to occur.

If your appeal results in another denial, you may have to pay for the cost of any continued benefits that you received.

If we deny your appeal and you are not satisfied, you can appeal further using the External Appeals process or Fair Hearing process described below.

What happens after we get your Plan Appeal

- Within 15 days, we will send you a letter to let you know we are work on your Plan appeal. We will let you know if we need additional information to make our decision.
- We will send you a case file free of charge which includes copy of the medical records and any other information and records we will use to make the appeal decision. If your Plan Appeal is fast tracked, there may be a short time to review this information.

- Appeals of clinical matters will be decided by qualified health care professionals who did not make the first decision, at least one of whom will be a clinical peer reviewer.
- Non-clinical decisions will be handled by persons who work at a higher level than the people who worked on your first decision.
- You can also provide information to be used in making the decision in person or in writing. Call Plan at 1-877-891-6447 if you are not sure what information to give us.
- You will be given the reasons for our decision and our clinical rationale, if it applies. The notice of the Plan Appeal decision to deny your request or to approve it for an amount that is less than requested is called a Final Adverse Determination.
- If you think our Final Adverse Determination is wrong:
 - You can ask for a Fair Hearing. See Fair Hearing section of this handbook
 - For some decisions, you may be able to ask for an External Appeal. See the External Appeal section of this handbook.
 - You or someone you trust can file a complaint with the New York State Department of Health at 1-866-712-7197

Timeframes for Plan Appeals

- Standard appeals: If we have all the information we need, we will tell you our decision in 30 days from when you asked for your Plan Appeal. A written notice of our decision will be sent within 2 work days from when we make the decision.

- Fast track appeals: If we have all the information we need, fast track Plan Appeal decisions will be made in 2 work days from your Plan Appeal but not more than 72 hours from when you asked for your Plan Appeal.

—We will tell you within 72 hours if we need more information.

—We will tell you our decision by phone and send a written notice later.

If we do not have the information we need to make either a standard or fast track decision about your Plan Appeal within the above timeframes we will:

- Write to tell you that we need more time to collect the information. If your request is in a fast track review, we will call you right away and send a written notice later.
- Tell you why the delay is in your best interest;
- Make a decision no later than 14 days from the day we asked for more information.

You, your provider, or someone you trust may also ask us to take more time to make a decision. This may be because you have more information to give the plan to help decide your case. This can be done by calling 1-877-891-6447 or writing.

You or someone you trust can file a complaint with the plan if you don't agree with our decision to take more time to review your action appeal. You or someone you trust can also file a complaint about the review time with the New York State Department of Health by calling 1-866-712-7197.

If you do not receive a response to your Plan Appeal or we do not decide in time, including extensions, you can ask for a Fair Hearing. See Fair Hearing section of this handbook.

If we do not decide your Plan Appeal on time, and we said the service was not medically necessary, was experimental or investigational, not different from care you can get in the plan's network, or available from a participating provider who has correct training and experience to meet your needs, the original denial will be reversed. This means your service authorization request will be approved.

External Appeals

If the plan decides to deny coverage for a medical service you and your doctor asked for because it is not medically necessary or because it is experimental or investigational, not different from care you can get in the plan's network, or available from a participating provider who has correct training and experience to meet your needs, you can ask New York State for an independent **external appeal**. This is called an External Appeal because it is decided by reviewers who do not work for the health plan or the state. These reviewers are qualified people approved by New York State. The service must be in the plan's benefit package or be an experimental treatment. You do not have to pay for an external appeal.

Before you appeal to the state:

1. You must file an Plan Appeal with the plan and get the plan's Final Adverse Determination; or
2. If you have not gotten the service, and you ask for a fast track Plan Appeal, you may ask for an expedited External Appeal at the same time. Your doctor will have to say an expedited Appeal is necessary; or
3. You and the plan may agree to skip the plan's appeals process and go directly to External Appeal; or
4. You can prove the plan did not follow the rules correctly when processing your Plan Appeal.

You have **4 months** after you receive the plan's Final Adverse Determination to ask for an External Appeal. If you and the plan agreed to skip the plan's appeals process, then you must ask for the External Appeal within 4 months of when you made that agreement.

To ask for an External Appeal, fill out an application and send it to the Department of Financial Services. You can call Member Services at 1-877-891-6447 if you need help filing an appeal. You and your doctors will have to give information about your medical problem. The External Appeal application says what information will be needed.

Here are some ways to get an application:

- Call the Department of Financial Services, 1-800-400-8882
- Go to the Department of Financial Services' website at www.dfs.ny.gov .
- Write the Department of Financial Services at: New York State Department of Financial Services, One State Street, New York, NY 1004-1511
- Contact the health plan at 1-877-891-6447

Your External Appeal will be decided in 30 days. More time (up to five work days) may be needed if the External Appeal reviewer asks for more information. You and the plan will be told the final decision within two days after the decision is made.

You can get a faster decision if your doctor says that a delay will cause serious harm to your health. This is called an **expedited External Appeal**. The External Appeal reviewer will decide an expedited appeal in 72 hours or less. The reviewer will tell you and the plan the decision right away by phone or fax. Later, a letter will be sent that tells you the decision.

If you ask for a Plan Appeal, and you receive a Final Adverse Determination that denies, reduces, suspends or stops your service, you can ask for a Fair Hearing, and External Appeal or both. If you ask for both a Fair Hearing and an External Appeal, the decision of the fair hearing officer will be the one that counts.

Fair Hearings

You must first ask for a Plan Appeal and receive a Final Adverse Determination. You will then have 120 calendar days from the date of the Final Adverse Determination to ask for a Fair Hearing.

You may ask for a Fair Hearing from New York State if:

- You are not happy with a decision your local department of social services or the State Department of Health made about your staying or leaving the Medicaid Advantage Plus Program.

- You are not happy with a decision that your doctor would not order one of the services listed above that you wanted. You feel that the doctor's decision stops or limits your Medicaid benefits. You must file a complaint and an appeal with Elderplan. If Elderplan agrees with your doctor, you may ask for a State Fair Hearing.
- You asked for a Plan Appeal, and the time for us to decide your Plan Appeal has expired, including any extensions. If you do not receive a response to your Plan Appeal or we do not decide in time, you can ask for a Fair Hearing.
- You are not happy with a decision that we made about your care. You feel the decision limits your Medicaid benefits. You are not happy we decided to:
 - reduce, suspend or stop care you were getting; or
 - deny care you wanted; or
 - deny payment for care you received

If you asked for a Plan Appeal, and receive a Final Adverse Determination that reduces, suspends, or stops care you are getting now, you can continue to get the services your doctor ordered while you wait for your Fair Hearing to be decided. You must ask for a Fair Hearing within 10 days from the date of the Final Adverse Determination or by the time the action takes effect, whichever is later. However, if you choose to ask for services to be continued, and lose your Fair Hearing, you may have to pay the cost for the services you received while waiting for a decision.

The decision you receive from the Fair Hearing will be final.

If you filed a complaint or appeal under Medicare rules, you may not then request a state Fair Hearing about the same complaint or appeal.

You can use one of the following ways to request a Fair Hearing:

- By phone. Call toll free 1-800-342-3334
- By fax at 518-473-6735
- By Internet at www.otda.state.ny.us/oah/forms.asp
- By mail:

NYS Office of Temporary and Disability Assistance
Office of Administrative Hearings
Managed Care Hearing Unit
P.O. Box 122023
Albany, New York 12201-2023

When you ask for a Fair Hearing about a decision Elderplan made, we must send you a copy of the evidence packet. This information we used to make our decision about your care. The plan will give this information to the hearing officer to explain our action. If there is not time enough to mail it to you, we will bring a copy of the evidence packet to the hearing for you. If you do not get your evidence packet by the week before the hearing, you can call Elderplan to ask for it

Remember, you can file a complaint anytime to the New York State Department of Health by calling 1-866-712-7197. Call Member Services at 1-877-891-6447 if you have any questions

Complaints

We hope our plan serves you well. If you have a problem with the care or treatment you receive from our staff or providers or you do not like the quality of care or services you receive from us, call Member Services at 1-877-891-6447 or write to Member Services. Please remember that complaints about services that are only a benefit under Medicare should be handled through the Elderplan Medicare complaint process. Complaints about services only covered by Medicaid should be handled through the Elderplan Medicaid complaint process. You can choose to use either the Medicare or Medicaid complaints process for complaints about services that Elderplan determines are a benefit under both Medicare and Medicaid.

Most problems can be solved right away. Problems that are not solved over the phone and any complaint that comes in about a Medicaid service will be handled according to the procedures described below. You can ask someone you trust to file the complaint for you. If you need our help because of a hearing or vision impairment, or if you need translation services, we can help you. We will not make things hard for you or take any action against you for filing a complaint.

How to File a Complaint with the Plan:

To file by phone, call Member Services at 1-877-891-6447, 7 days a week from 8 am to 8 pm. If you call us after hours, leave a message. We will call you back the next work day. If we need more information to make a decision, we will tell you.

You can write us with your complaint or call the Member Services number and request a complaint form. It should be mailed to 6323 Seventh Avenue, Brooklyn, NY 11220.

What happens next:

If we don't solve the problem right away over the phone or after we get your written complaint, we will send you a letter within 15 work days. The letter will tell you:

- who is working on your complaint
- how to contact this person
- if we need more information

Your complaint will be reviewed by one or more qualified people. If your complaint involves clinical matters it will be reviewed by one or more qualified health care professionals.

After we review your complaint:

- We will let you know our decision in 45 days of when we have all the information we need to answer your complaint, but you will hear from us in no more than 60 days from the day we get your complaint. We will write you and will tell you the reasons for our decision.

- When a delay would risk your health, we will let you know our decision in 48 hours of when we have all the information we need to answer your complaint but you will hear from us in no more than 7 days from the day we get your complaint. We will call you with our decision or try to reach you to tell you. You will get a letter to follow up our communication in 3 work days.
- You will be told how to appeal our decision if you are not satisfied and we will include any forms you may need.
- If we are unable to make a decision about your Complaint because we don't have enough information, we will send a letter and let you know.

Complaint Appeals

If you disagree with a decision we made about your complaint, you or someone you trust can file a complaint appeal with the plan.

How to make a complaint appeal:

- If you are not satisfied with what we decide, you have at least 60 work days after hearing from us to file a complaint appeal;
- You can do this yourself or ask someone you trust to file the complaint appeal for you;
- The complaint appeal must be made in writing. If you make an appeal by phone it must be followed up in writing. After your call, we will send you a form which is a summary of your phone appeal. If you agree with our summary, you must sign and return the form to us. You can make any needed changes before sending the form back to us.

What happens after we get your complaint appeal:

After we get your complaint appeal we will send you a letter within 15 work days. The letter will tell you:

- who is working on your complaint appeal
- how to contact this person
- if we need more information

Your complaint appeal will be reviewed by one or more qualified people at a higher level than those who made the first decision about your complaint. If your complaint appeal involves clinical matters, your case will be reviewed by one or more qualified health professionals, with at least one clinical peer reviewer, that were not involved in making the first decision about your complaint.

We will let you know our decision within 30 work days from the time we have all information needed. If a delay would risk your health, you will get our decision in 2 work days of when we have all the information we need to decide the appeal. You will be given the reasons for our decision and our clinical rationale, if it applies. If you are still not satisfied, you or someone on your behalf can file a complaint at any time with the New York State Department of Health at 1-866 712-7197.

Participant Ombudsman

The Participant Ombudsman is an independent organization that provides free ombudsman services to long term care recipients in the state of New York. These services include, but are not necessarily limited to:

- i. Providing pre-enrollment support, such as unbiased health plan choice counseling and general program related information;
- ii. Compiling member complaints and concerns about enrollment, access to services, and other related matters;

- iii. Helping members understand the fair hearing, complaint and appeal rights and processes within the health plan and at the State level, and assisting them through the process if needed/requested, including making requests of plans and providers for records, and
- iv. Informing plans and providers and community-based resources and supports that can be linked with covered plan benefits.

At this time, the Participant Ombudsman is the Independent Consumer Advocacy Network (ICAN), an independent network of consumer advocacy organizations. ICAN is available to answer long-term care member's questions regarding member rights, Medicare, Medicaid and long term care services. ICAN can also assist members with resolution of any issues related to access to care and with filing appeals and complaints.

ICAN Contact Information:

ICAN may be reached toll-free at 1-844-614-8800, TTY 711, or online at icannys.org.

New York State Department of Health Information:

If Elderplan Plus Long Term Care (HMO SNP) is unable to resolve complaints or issues, you can also reach New York State Department of Health and file a complaint at any time 1-866 712-7197.

SECTION 15. ADVANCED DIRECTIVES

You have the right to know your treatment options and participate in decisions about your health care

You have the right to get full information from your doctors and other health care providers when you go for medical care. Your providers must explain your medical condition and your treatment choices in a way that you can understand.

You also have the right to participate fully in decisions about your health care. To help you make decisions with your doctors about what treatment is best for you; your rights include the following:

- **To know about all of your choices.** This means that you have the right to be told about all of the treatment options that are recommended for your condition, no matter what they cost or whether they are covered by our plan. It also includes being told about programs our plan offers to help members manage their medications and use drugs safely.
- **To know about the risks.** You have the right to be told about any risks involved in your care. You must be told in advance if any proposed medical care or treatment is part of a research experiment. You always have the choice to refuse any experimental treatments.
- **The right to say “no.”** You have the right to refuse any recommended treatment. This includes the right to leave a hospital or other medical facility, even if your doctor advises you not to leave. You also have the right to stop taking your medication. Of course, if you refuse treatment or stop taking medication, you accept full responsibility for what happens to your body as a result.
- **To receive an explanation if you are denied coverage for care.** You have the right to receive an explanation from us if a provider has denied care that you believe you should receive. To receive this explanation, you will need to ask us for a coverage decision.

You have the right to give instructions about what is to be done if you are not able to make medical decisions for yourself

Sometimes people become unable to make health care decisions for themselves due to accidents or serious illness. You have the right to say what you want to happen if you are in one of these situations. This means that, if you want to, you can:

- Fill out a written form to give **someone the legal authority to make medical decisions for you** if you ever become unable to make decisions for yourself.

- **Give your doctors written instructions** about how you want them to handle your medical care if you become unable to make decisions for yourself.

The legal documents that you can use to give your directions in advance in these situations are called “advance directives.” There are different types of advance directives and different names for them. Documents called “living will” and “power of attorney for health care” are examples of advance directives.

If you want to use an “advance directive” to give your instructions, here is what to do:

- **Get the form.** If you want to have an advance directive, you can get a form from your lawyer, from a social worker, or from some office supply stores. You can sometimes get advance directive forms from organizations that give people information about Medicare. You can also contact Member Services to ask for the forms.
- **Fill it out and sign it.** Regardless of where you get this form, keep in mind that it is a legal document. You should consider having a lawyer help you prepare it.
- **Give copies to appropriate people.** You should give a copy of the form to your doctor and to the person you name on the form as the one to make decisions for you if you can't. You may want to give copies to close friends or family members as well. Be sure to keep a copy at home.

If you know ahead of time that you are going to be hospitalized, and you have signed an advance directive, **take a copy with you to the hospital.**

- If you are admitted to the hospital, they will ask you whether you have signed an advance directive form and whether you have it with you.
- If you have not signed an advance directive form, the hospital has forms available and will ask if you want to sign one.

Remember, it is your choice whether you want to fill out an advance directive (including whether you want to sign one if you are in the hospital). According to law, no one can deny you care or discriminate against you based on whether or not you have signed an advance directive.
