## **Annual Notice of Changes for 2022**

You are currently enrolled as a member of Elderplan Advantage for Nursing Home Residents (HMO I-SNP). Next year, there will be some changes to the plan's costs and benefits. *This booklet tells about the changes.*

- **You have from October 15 until December 7 to make changes to your Medicare coverage for next year.**
- 

## **What to do now**

### **1. ASK:** Which changes apply to you

- Check the changes to our benefits and costs to see if they affect you.
  - It's important to review your coverage now to make sure it will meet your needs next year.
  - Do the changes affect the services you use?
  - Look in Sections 1.5 and 1.6 for information about benefit and cost changes for our plan.
- Check the changes in the booklet to our prescription drug coverage to see if they affect you.
  - Will your drugs be covered?
  - Are your drugs in a different tier, with different cost sharing?

- Do any of your drugs have new restrictions, such as needing approval from us before you fill your prescription?
  - Can you keep using the same pharmacies? Are there changes to the cost of using this pharmacy?
  - Review the 2022 Drug List and look in Section *1.6* for information about changes to our drug coverage.
  - Your drug costs may have risen since last year. Talk to your doctor about lower cost alternatives that may be available for you; this may save you in annual out-of-pocket costs throughout the year. To get additional information on drug prices visit [go.medicare.gov/drugprices](https://www.go.medicare.gov/drugprices), and click the “dashboards” link in the middle of the second Note toward the bottom of the page. These dashboards highlight which manufacturers have been increasing their prices and also show other year-to-year drug price information. Keep in mind that your plan benefits will determine exactly how much your own drug costs may change.
- Check to see if your doctors and other providers will be in our network next year.
- Are your doctors, including specialists you see regularly, in our network?
  - What about the hospitals or other providers you use?
  - Look in Section *1.3 and 1.4* for information about our Provider and Pharmacy Directory.
- Think about your overall health care costs.
- How much will you spend out-of-pocket for the services and prescription drugs you use regularly?
  - How much will you spend on your premium and deductibles?

- How do your total plan costs compare to other Medicare coverage options?

Think about whether you are happy with our plan.

## 2. **COMPARE:** Learn about other plan choices

Check coverage and costs of plans in your area.

- Use the personalized search feature on the Medicare Plan Finder at [www.medicare.gov/plan-compare](http://www.medicare.gov/plan-compare) website.
- Review the list in the back of your Medicare & You 2022 handbook.
- Look in Section 2.2 to learn more about your choices.

Once you narrow your choice to a preferred plan, confirm your costs and coverage on the plan's website.

## 3. **CHOOSE:** Decide whether you want to change your plan

- If you don't join another plan by December 7, 2021, you will be enrolled in Elderplan Advantage for Nursing Home Residents (HMO I-SNP).
- To change to a **different plan** that may better meet your needs, you can switch plans or switch to Original Medicare (either with or without a separate Medicare prescription drug plan) at any time.

### Section 1.1 – Changes to the Monthly Premium

Cost	2021 (this year)	2022 (next year)
<b>Monthly premium</b> (You must also continue to pay your Medicare Part B premium.)	\$35.50 for your Part D Premium	\$42.40 for your Part D Premium

- Your monthly plan premium will be *more* if you are required to pay a lifetime Part D late enrollment penalty for going without other drug coverage that is at least as good as Medicare drug coverage (also referred to as “creditable coverage”) for 63 days or more.
- If you have a higher income, you may have to pay an additional amount each month directly to the government for your Medicare prescription drug coverage.
- Your monthly premium will be *less* if you are receiving “Extra Help” with your prescription drug costs. Please see Section 7 regarding “Extra Help” from Medicare.

# Elderplan Advantage for Nursing Home Residents (HMO I-SNP) Annual Notice of Changes for 2022

## Section 1.2 – Changes to Your Maximum Out-of-Pocket Amount

To protect you, Medicare requires all health plans to limit how much you pay “out-of-pocket” during the year. This limit is called the “maximum out-of-pocket amount.” Once you reach this amount, you generally pay nothing for covered Part A and Part B services for the rest of the year.

Cost	2021 (this year)	2022 (next year)
<p><b>Maximum out-of-pocket amount</b> Your costs for covered medical services (such as copays and deductibles) count toward your maximum out-of-pocket amount. Your plan premium and your costs for prescription drugs do not count toward your maximum out-of-pocket amount.</p>	<p>\$7,550 Once you have paid \$7,550 out-of-pocket for covered Part A and Part B services, you will pay nothing for your covered: Part A and Part B services for the rest of the calendar year.</p>	<p>\$7,550 Once you have paid \$7,550 out-of-pocket for covered Part A and Part B services, you will pay nothing for your covered: Part A and Part B services for the rest of the calendar year.  There is no change for 2022.</p>

---

### **Section 1.3 – Changes to the Provider Network**

---

There are changes to our network of providers for next year. An updated Provider and Pharmacy Directory is located on our website at [www.elderplan.org](http://www.elderplan.org). You may also call Member Services for updated provider information or to ask us to mail you a Provider and Pharmacy Directory. **Please review the 2022 Provider and Pharmacy Directory to see if your providers (primary care provider, specialists, hospitals, etc.) are in our network.**

It is important that you know that we may make changes to the hospitals, doctors and specialists (providers) that are part of your plan during the year. There are a number of reasons why your provider might leave your plan, but if your doctor or specialist does leave your plan, you have certain rights and protections summarized below:

- Even though our network of providers may change during the year, we must furnish you with uninterrupted access to qualified doctors and specialists.
- We will make a good faith effort to provide you with at least 30 days' notice that your provider is leaving our plan so that you have time to select a new provider.
- We will assist you in selecting a new qualified provider to continue managing your health care needs.

## Elderplan Advantage for Nursing Home Residents (HMO I-SNP) Annual Notice of Changes for 2022

---

- If you are undergoing medical treatment you have the right to request, and we will work with you to ensure, that the medically necessary treatment you are receiving is not interrupted.
- If you believe we have not furnished you with a qualified provider to replace your previous provider or that your care is not being appropriately managed, you have the right to file an appeal of our decision.
- If you find out your doctor or specialist is leaving your plan, please contact us so we can assist you in finding a new provider to manage your care.

---

### **Section 1.4 – Changes to the Pharmacy Network**

---

Amounts you pay for your prescription drugs may depend on which pharmacy you use. Medicare drug plans have a network of pharmacies. In most cases, your prescriptions are covered *only* if they are filled at one of our network pharmacies.

There are changes to our network of pharmacies for next year. An updated Provider and Pharmacy Directory is located on our website at [www.elderplan.org](http://www.elderplan.org). You may also call Member Services for updated provider information or to ask us to mail you a Provider and Pharmacy Directory. **Please review the 2022 Provider and Pharmacy Directory to see which pharmacies are in our network.**

---

**Section 1.5 – Changes to Benefits and Costs  
for Medical Services**

---

We are changing our coverage for certain medical services next year. The information below describes these changes. For details about the coverage and costs for these services, see Chapter 4, *Medical Benefits Chart (what is covered and what you pay)*, in your *2022 Evidence of Coverage*. A copy of the Evidence of Coverage is available at [www.elderplan.org](http://www.elderplan.org).

## Section 1.6 – Changes to Part D Prescription Drug Coverage

---

### Changes to Our Drug List

Our list of covered drugs is called a Formulary or “Drug List.” A copy of our Drug List is provided electronically.

We made changes to our Drug List, including changes to the drugs we cover and changes to the restrictions that apply to our coverage for certain drugs. **Review the Drug List to make sure your drugs will be covered next year and to see if there will be any restrictions.**

If you are affected by a change in drug coverage, you can:

- **Work with your doctor (or other prescriber) and ask the plan to make an exception to cover the drug. We encourage current members to ask for an exception before next year.**
  - To learn what you must do to ask for an exception, see Chapter 9 of your *Evidence of Coverage (What to do if you have a problem or complaint (coverage decisions, appeals, complaints))* or call Member Services.
- **Work with your doctor (or other prescriber) to find a different drug that we cover.** You can call Member Services to ask for a list of covered drugs that treat the same medical condition.

## Elderplan Advantage for Nursing Home Residents (HMO I-SNP) Annual Notice of Changes for 2022

---

In some situations, we are required to cover a temporary supply of a non-formulary drug in the first 90 days of the plan year or the first 90 days of membership to avoid a gap in therapy. (To learn more about when you can get a temporary supply and how to ask for one, see Chapter 5, Section 5.2 of the *Evidence of Coverage*.) During the time when you are getting a temporary supply of a drug, you should talk with your doctor to decide what to do when your temporary supply runs out. You can either switch to a different drug covered by the plan or ask the plan to make an exception for you and cover your current drug.

If you are a current member and a drug you are taking will be removed from the formulary or restricted in some way for next year, we will allow you to request a formulary exception in advance for next year. We will tell you about any change in the coverage for your drug for next year. You can ask for an exception before next year and we will give you an answer within 72 hours after we receive your request (or your prescriber's supporting statement). If we approve your request, we will authorize the coverage before the change takes effect.

Most of the changes in the Drug List are new for the beginning of each year. However, during the year, we might make other changes that are allowed by Medicare rules.

## Elderplan Advantage for Nursing Home Residents (HMO I-SNP) Annual Notice of Changes for 2022

---

When we make these changes to the Drug List during the year, you can still work with your doctor (or other prescriber) and ask us to make an exception to cover the drug. We will also continue to update our online Drug List as scheduled and provide other required information to reflect drug changes. (To learn more about changes we may make to the Drug List, see Chapter 5, Section 6 of the Evidence of Coverage.)

### Changes to Prescription Drug Costs

*Note:* If you are in a program that helps pay for your drugs (“Extra Help”), **the information about costs for Part D prescription drugs may not apply to you.** We sent you a separate insert, called the “Evidence of Coverage Rider for People Who Get Extra Help Paying for Prescription Drugs” (also called the “Low Income Subsidy Rider” or the “LIS Rider”), which tells you about your drug costs. If you receive “Extra Help” and haven’t received this insert, please call Member Services and ask for the “LIS Rider.”

There are four “drug payment stages.” How much you pay for a Part D drug depends on which drug payment stage you are in. (You can look in Chapter 6, Section 2 of your *Evidence of Coverage* for more information about the stages.)

The information below shows the changes for next year to the first two stages – the Yearly Deductible Stage and the Initial Coverage Stage. (Most members do not reach the other two stages – the Coverage Gap Stage or the Catastrophic Coverage Stage.
